

BBP (Bloodborne Pathogen) Training Instructions

If you would prefer to come into our office to take the mandatory training please call us to make an appointment.

According to WAC 296-823, Dental Professionals is required to train employees about their risk of exposure to bloodborne pathogens and ways to protect you. This training must be provided on initial hire and annually thereafter. Dental Professionals Management has put together these training links to comply with the regulation. The training module should take approximately 1 hour and you will be paid minimum wage for this amount of time.

Instructions:

- 1) This training must be performed during Dental Professionals office hours so should you have any questions about the content or Dental Professionals policies you will be able to contact us.
- 2) Please go to www.lni.wa.gov/wisha/Rules/bbpathogens/PDFs/823-Complete.pdf This link will direct you to an accessible copy of the regulation, which is required during the training program.
- 3) The [BBP Training](#) is a PDF presentation. Each slide should be reviewed as well as the notes under each slide.
- 4) As you follow the program, many items including laundry protocol, location of sharps containers, location of personal protective equipment, etc. will be specific to the temporary employer. Dental Professionals and these links will provide general training about virus transmission, general exposure precautions, etc. While the temporary employer will provide site-specific training upon your initial site visit/orientation. A copy of the [BBP Site Specific Checklist](#) that Dental Professionals will expect temporary employers to follow is available on this page. Please review this checklist so you are familiar with what type of site-specific items should be covered by the temporary employer.
- 5) When you are finished with the training module, fill out the [BBP Certificate of Completion](#) to document you received BBP training and return to:

Dental Professionals
4700 42nd Ave. SW, Suite 460
Seattle Washington 98116-4589

If you have any questions, please call our office at (206) 767-4851 or 1 (800) 762-4566.

Thank you for your prompt cooperation in getting this matter taken care of to be in compliance with WAC 296-823.
